

RealWin ERP

Enterprise ERP for
Modern Real Estate Operations

Built natively on
Microsoft Dynamics 365
Business Central

Unify sales, leasing, finance,
operations, and reporting on one
intelligent platform empowering
real estate businesses to operate
smarter and grow faster.

THE REAL ESTATE INDUSTRY: SIX CORE CHALLENGES

**Fragmented
Systems**

**Manual
Processes**

**Broker
Management**

**Project Cost
Overruns**

**No Data
Visibility**

**Regularly
Compliance**

WHY REALWIN ERP?

One Intelligent Platform

Connect every function of
your real estate business
on a single platform.

Microsoft Native

Microsoft Dynamics 365
Business Central with enterprise
grade security and scalability.

90-Day Implementation

Pre-built real estate accelerator
with best practices
for faster time to value.

Built for Middle East

ZATCA Phase 1 & 2, UAE
VAT, RERA templates, and
local compliance built-in.

AI Ready

Leverage Azure AI, Copilot,
and intelligent agents to
automate and scale.

Scalable Architecture

Flexible, secure, and
future-ready platform to
grow with your business.

AionMS SOLUTION ARCHITECTURE

A complete, integrated Microsoft-native stack:
one platform, one partner, no gaps.
